[note: We should try many different objects in town, each with its own cut, as he tries

more things the cuts get faster and faster all the while showing the booger

on his finger, until finally it ends suddenly with scene 3] [dramatic in a humorous way :D]

guy1: A wizard?

wizard: yep, tuaght gandolf everything he knows.

guy1: well, do what ever is necessary wizard

(wizard examines the finger, and sniffs it, and does more weird stuff)

[we can talk about what he does later]
